PRODUCT EXPERIENCE

Product Management Intern — Tech Studio Academy

Lagos, Nigeria | Oct 2025 – March 2026

- Conducted market research and competitive analysis to identify product opportunities and user pain points.
- Collaborated with designers and developers to translate product ideas into user stories and product documentation.
- Gathered and analyzed user feedback to guide product improvements and feature prioritization.
- Contributed to product strategy discussions and roadmap planning.
- Created process documentation to improve team workflows and communication.

PROJECTS

RentRight — PropTech Rental Solution

End-to-End Product Case Study

A digital platform designed to help renters find verified apartments and reduce rental fraud in Nigeria.

What I did

- Conducted problem discovery and validated renter pain points through research.
- Defined product vision, target users, and value proposition.
- Created product roadmap and prioritized MVP features.
- Wrote user stories and product requirements.
- Designed wireframes and interactive prototype in Figma.

Impact

- Delivered a validated MVP concept addressing a high-risk rental market problem.
- Demonstrated ability to move from idea → research → strategy → prototype.

SafeSignal — Safety Alert Mobile App

Product Strategy & MVP Planning

A personal safety app enabling users to quickly send emergency alerts to trusted contacts.

What I did

- Analyzed user needs and defined core product vision.

- Defined North Star metric and supporting success metrics.
- Prioritized MVP features using user value and impact.
- Created product documentation and prototype.

Impact

- Developed a clear MVP scope aligned with real user needs and measurable success metrics.

Virtual Classroom Platform

Conducted user research and feedback analysis. Contributed to product documentation and feature planning. Supported UX improvements for better learning experience.

Photography Website Prototype

Designed and prototyped full website in Figma. Applied user-centered design principles and usability best practices.

PROFESSIONAL EXPERIENCE

Operations Specialist — Zenith Bank Plc

Aug 2023 – Present

- Managed daily customer transactions with 99%+ accuracy.
- Identified and mitigated transaction risks through proactive monitoring.
- Acted as primary contact for customer issues and resolved complex cases.
- Collaborated with internal teams to improve service processes.

Transferable PM Skills: stakeholder management, risk analysis, problem solving, customer insight.

Administrative Officer — J&G; Engineering

Sept 2022 – Aug 2023

- Improved office processes, increasing efficiency by 25%.
